Subject: Inspection of Chimney at 6003 North Walnut Grove Avenue

This letter certifies that I have made a physical and visual inspection of the chimney on the residential structure at 6003 North Walnut Grove Avenue, San Gabriel 91775. This house is owned by Hall P. Daily and Suzanne P. Daily.

During my inspection, I detected no structural damage or instability. Even the mortar at the top of the chimney, which was repaired following damage suffered in the Whittier Narrows Earthquake (October 1987), was unaffected by the June 28th Sierra Madre Earthquake.

My inspection was conducted at 6:15 p.m. on Tuesday, July 2, 1991.

Respectfully,

Ralph L. Wahl

Enclosure

cc: Mr. and Mrs. Hall P. Daily
